Please read all instructions before starting.

All instructions include a 1/4 inch seam allowance. It is recommended that all fabrics be washed and ironed before starting.

Cutting out

From each of the 21 fat quarters: Cut twelve 5 inch squares giving a total of 252 squares

From the binding fabric: Cut seven 2 1/2 inch strips across the width of fabric

Setting the blocks

The quilt is made up of 15 rows with 14 squares in each row.

There are a total of 31 complete crosses in the quilt.

Use the first diagram and the front cover photo to help plan the quilt layout.

Begin by creating a complete cross from each of the 21 fabrics, and then make a further ten complete crosses.

Once you have 31 complete crosses laid out, gather and place eleven more partial crosses (each using four squares).

This is shown in purple in the second diagram.

Finally fill in the remaining single squares.

Starting at the top left hand corner begin piecing the squares together.

Repeat for the remaining 14 rows.

Press these rows in alternate directions, this will ensure your seams nest neatly together when you sew the rows together.

Sew the 15 rows together.

Baste and quilt your quilt as desired.

Bind your quilt.
